**Meeting Minutes:**

At 7 P.M. Chris Schmiesing welcomed everyone to the meeting, thanked them for being in attendance, and introduced Kim Littleton from ACP.

Kim Littleton of ACP Visioning and Planning provided an overview of the meeting agenda and asked Chris Schmiesing to provide an update on the public meetings preparation to date. Chris highlighted the public outreach efforts that were taking place in preparation for the public meetings. Public television episodes, email blast, and the distribution of half page flyers, payroll stuffers, posters and placemats throughout the community were all noted. Chris also reported on the facilitator training efforts.

Kim Littleton reviewed the land and demographic information that has been collected to date in the context of how it relates to the community neighborhoods, transportation corridors, established districts, etc.. Jay Shoup reviewed the information that has been compiled to date regarding transportation facilities.

It was noted that the next meeting will include a report from the economist, transportation, and utilities consultants, in addition to ACP highlighting the information gathered from the public meetings. The next meeting date was established as February 13, 2007 at 7:00p.m.

With no additional information to be discussed, Chris Schmiesing asked if there were additional questions before the meeting was adjourned. John Martin asked the group if they would consider moving the meeting time as he and at least one other member have a recurring conflict with the current Steering Committee meeting date/time. With a lack of support for moving the meeting the date/time will remain the second Tuesday of the month at 7:00p.m.

The meeting adjourned at approximately 7:55 p.m.
